Documents to be enclosed with application

Important note on certificates and translations: All certificates must be submitted as certified copies. The TU Darmstadt accepts certificates in the German or English language. If your certificates are not in German or English you must additionally provide official translations in one of these languages. You can get these translations certified by the German embassy or consulate in your country of origin, or by a certified translator in Germany. The certified copy and official translation have to be attached to each other to ensure recognition.
